

ANH CO TRAN

THE PROCESS

STEP 01

WASH

We start by taking you to the shampoo bowl to wash your hair, and condition as needed.

STEP 02

BLOW DRY

We will then take you to the cutting chair where we will blow dry your hair and smooth it out. If you have curly hair that you exclusively wear curly 100% of the time, we will safely diffuse it.

STEP 03

CONSULTATION

Anh will examine your hair, assess any 'problem areas' or specific concerns you may have to establish an end result that best fits your lifestyle and needs.

STEP 04

DRY CUT

Anh will then cut your hair dry. This allows Anh to utilize his signature Lived-In style, creating a look that works with you and your lifestyle.
